NATURE OF ACCIDENT																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																							

DUTY ON WHICH ENGAGED:

COURT OF INQUIRY, INVESTIGATING OFFICER

OR COMMANDING OFFICER'S REPORT:

Solo practice.

D-14

NATURE OF ACCIDENT AND STAGE OF FLIGHT:

DATE:

COMPOSITION: *LS/*

Student pilot landed cross wind.
Failed to control aircraft and
ground looped.

RECOMMENDATIONS:

PRIMARY CAUSE:

~~Pilot error in not applying
sufficient rudder to stop A/C
from swinging.~~

ACTION TAKEN:

(A) DISCIPLINARY (B) TECHNICAL (C) OTHER

Pupils have been and will be warned about this
type of accident.

SECONDARY CAUSE OR CONTRIBUTING FACTORS:

~~Landed with drift, A/C ground
looped.~~
